

Project Title

E-commerce Platforms for Traditional Handicrafts from Southern Vietnam

I. Overall the project

Recognizing the significant role of these handicrafts in sustaining livelihoods, preserving cultural heritage, and transmitting traditional skills, the Organization seeks to leverage the power of e-commerce to expand market access for these artisans while adhering to the principles of the "Technology in an Indigenous Context Project."

II. Project Objectives

- User-friendly interface
- Community Ownership & Management: artisan communities have direct controls.
- Fair trade & Ethical Practices
- Cultural Authenticity & Representation
- Secure Payment & Logistics Integration
- Capacity Building for Artisans
- Promotion and Marketing Support
- Adherence to Ethical and Cultural Protocols

III. Expected Outcomes:

- + Functional E-commerce Platforms
- + Community-Managed Platforms
- + Increased Market Access for Artisans
- + Fair and Equitable Trade
- + Preservation of Cultural Heritage
- + Empowered Artisan Communities
- + Sustainable E-commerce Ecosystem
- + Ethical and Culturally Sensitive Representation
